Recreation Passport Grant – Restroom Facility. The Commission reviewed the bid specifications, project timeline, and associated cost estimates submitted to the Department of Natural Resources for approval. Several questions were identified for Spaulding DeDecker to address, including whether the Township should purchase the prefabricated building directly because the township is tax exempt. The Commission reached a consensus that the project should begin as soon as possible, with site work anticipated to commence this fall.

Easement Update. The Capital Regional Airport easement is awaiting signatures. Member Fischer provided an update regarding the Oesterle easement. The Commission reached a consensus to obtain a cost estimate for drawings related to the extension of the Oesterle easement, the Ingham County Road Department Midline crossing on Eden Road, and the Ingham County Road Department right-of-way at the southeast corner of Eden Road and Kipp Road. These drawings will facilitate easement negotiations and permitting applications.
