Recreation Passport Grant Restroom Facility – Finalize Site Plan.

The Recreation Commission convened at the site of the proposed restroom facility in Vevay Township Community Park.

All drain tiles within the catch basin were identified.

Mr. Kreiner marked the proposed footprint of the facility with flags. The restroom facility was relocated north and east of the originally approved site plan, closer to the parking lot and farther from the rope climber. Approximately 50 feet from the rope climber and 25 feet from the maintenance garage.

This site plan replaces the site plan presented at the Recreation Commission meeting on June 4, 2026.

Permanent bollards will be installed in front of the restroom to enhance safety.

Discussion followed regarding the placement of the bike repair station and bicycle rack. The bike repair station and rack will be located in a separate area to the west and north of the restroom.

MOTION Fischer, seconded McNeilly, to approve the site plan as presented.

Voice Vote **Passed Unanimously**
